

Letter of gratitude to CFF and FONAI

Dear FONAI team and CFF team

I would like to take this opportunity to thank you all for your sponsorship for my study and living. I regard myself a lucky guy that, I am still in the scholarship program. I am very much grateful to all the loving and caring heart and would like to thank you all from the bottom of my heart for helping me with my study and helping me to pursue my career.

Growing up in an underprivileged family I never thought that one day I would be in this state that I am right now. But because of the help and support from the kind hearted and generous people like you I got to study in a good university/college and achieve my dream.

As you all know, I am in final year of my study which is BSc.IT. I am very much excited and keen in learning the new things every day. I am being able to focus more on my studies, research and assignments because of your sponsorship. So, I will do my best to bring the best result and make your help and support worth it. I understand how difficult it is for you to raise fund for this sponsorship program and I promise you all that I won't let you down. One day I gonna be in that position when you can proudly say that's the boy we sponsored and cared.

Lastly, again I would like to thank you all for your support and help. I am so much grateful to you all that I can't express my feeling of gratitude with these few letters and words and I really mean it. Thank you so much and I will always pray god for you long life and prosperity.

With gratitude

Sanjeev B.K.
