FONAI's Mission

Our Mission

Our mission is to provide access to senior and post secondary education to marginalised, socially and economically disadvantaged Nepali youth who otherwise would not have the financial means to fulfil their educational goals.

FONAI views higher education as a catalyst, an agent of change for individuals, families and communities.

To succeed in our mission we:

- Promote and provide financial support for senior and post secondary education via an education scholarship program
- Assure that students have all the information and support necessary to make sound educational and financial decisions about their futures
- Lead a collaborative network of educational partners aligned to support student selection, preparation, transition and persistence to course completion.

FONAI Statement of Service

Description of FONAI's 2019-20 Scholarship Program

In the 2019-2020 financial year, FONAI is funding educational scholarships for up to 10+ Nepalese young people to attend Senior High school and/or post secondary studies.

Gender balance is still not equal & future scholarships will be offered to girls only.

Currently, although interviews are not yet finalised, 6 boys: 2 girls.

Age range of students is 15-21.

FONAI has two (2) students currently completing high school studies. Three (3) completing vocational studies & three (3) completing University studies.

More students will be recruited in July 2019 depending on funding availability.

The Public Benefit Need

WHAT IS THE PUBLIC NEED?

In Nepal, the official primary school age is 5 to 9 years.
The official secondary school age is 10 to 16 years.
Less than half of all Nepali children continue their education at the secondary level.
The link between poverty and school attendance at the secondary level of the education system is even stronger than at the primary level.
Nepal is a country with historically large gender disparities in school attendance, where girls were much less likely than boys to receive a formal education.

Who Benefits from FONAI's Activities?

Children from the poorest families and/or lowest caste will benefit from FONAI's activities.
Institutions in Nepal will benefit from increased secure enrolments.
Partner NGO's will benefit from sharing of resources/documentation etc
Nepal will benefit as education is considered to be vital for it's future development.
<http://www.educatenepal.com/contributors/articles/higher-education-in-nepal-issues-and-challenges>

How They Benefit.

Students will benefit because they will be able to stay at school and complete high levels of education. This will provide access to jobs and financial independence. They will break the cycle of poverty of their birth and/or caste.
This in turn will benefit families will not have struggle to support these students.
The students will be able to focus on their education studies as they, and their families, do not have to worry about living or course costs for the duration of their scholarships and courses of study.
Students benefit from uninterrupted study as scholarships are provided for the duration of the course, unless scholarship terms and conditions are not met.
Institutions benefit as student fees are guaranteed.

What similar services are currently available?

FONAI has not identified similar services to the Educational Scholarship Program which focuses on higher education only.

There are educational scholarship programs which assist students currently living in Institutions, (Children's Homes and/or Orphanages) & others which assist students who live at home to pursue study post 10.

What is the Unfulfilled Need?

The education challenges largely relate to poverty in Nepal.

Nepal is one of the poorest countries in the world. The UN estimates that 40% of Nepalis live in poverty.

Food insecurity, poor housing, low soil quality, low literacy, natural disasters, and ethnic discrimination plague the Nepalese people.

Nepal is highly dependent on foreign aid and assistance from NGOs.

Ongoing NGO projects include energy access, skills development, environmental protection, infrastructure, clean water, and education.

FONAI Shared Projects.

FONAI has a partnership with Nepal NGO The Child Development Society. (CDS) CDS works to eliminate child labour and/or trafficking in Nepal. FONAI facilitates the transfer of funding for CDS for Australian benefactors under conditions of this agreement.

FONAI also works closely with Australian and Nepali Rotary clubs.

FONAI is founding member for proposed RAWCS SEEP project with Rotary Clubs of Brownhill Creek & Dilibazaar & the Child Development Society

FONAI also works closely with local charity South Pacific School Aid to sort and send educational books to needy schools and libraries in Nepal, identified by our partners.
