

Friends of Nepal - Adelaide Inc.

Proudly Funding Education Scholarships In Nepal.

FONAI would like to thank all it's supporters for their continued support of our program. We could not continue without you.

We have temporarily suspended all program fundraising activities for the duration of the coronavirus pandemic.

Current programs are fully funded until June 30, and our team will be managing the program from home following directions of the Nepali government.

Most students have returned to their villages and will remain there until studies resume.

The management team supplied them with essential hygiene items and funded their travel home.

The team is maintaining regular contact with students and mentoring them through this challenging time. Some have had important government examinations postponed and the team is working out how to best support them during this time.

Extra funding has been directed to our FESSHIP emergency and medical fund to assist students as required.

Our thoughts are with all our Nepali friends who do not have the resources we enjoy here to survive this challenge.

We look forward to resuming our normal activities as soon as possible.

Thankyou,

FONAI team.
